

# EndNote Manual Citations

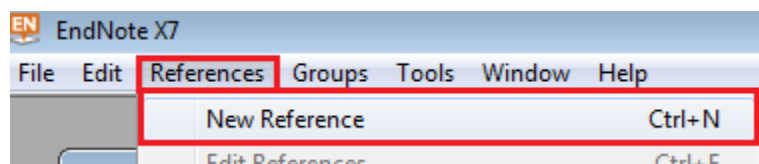

Last Update: 2/20/2017

**Objective:** This guide will show you how to create manual citations in EndNote Library. For further information please view the list of additional guides on our website ([link](#)).

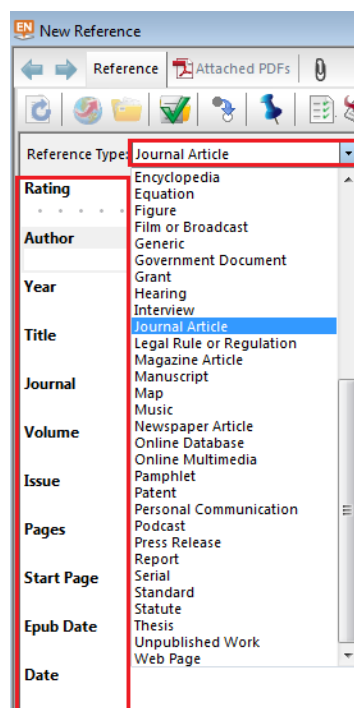

## Directions

1. Go to References > New Reference

2. Fill out the form with your citation's information.

a. You can click the dropdown arrow and select the citation type you need i.e. book, book chapter or journal article.

3. When you finished hit the small x on the right and you will see your newly created citation in your list of citations.
