

**Objective:** This guide will show you how to use the clipboard feature on PubMed.

For further information please view the list of additional guides on our website ([link](#)).

## About:

The Clipboard is a temporary saving place. It will save your citations for up to **8 hours**.

Once a citation has been added to the Clipboard:

- A note appears below it in your search results: **"Item in Clipboard."**
- A link to the Clipboard appears in the right column, next to the Send to menu.

## WARNING!!

Maximum number of citations that sent to Clipboard is **500**.

If you Send to the Clipboard without selecting citations, PubMed will add all (up to 500 citations) of your search results to the Clipboard.

## Directions

1. Go to [pubmed.gov](http://pubmed.gov) to start your search.
2. Search for your topic.
3. Select the citation(s) you would like to put in your clipboard
4. Click Send To > Clipboard > Add to Clipboard
